Robbery in a Court-Room.

CHICAGO, Sept. 25.—A Tribune's Marquette Michigan, special says: Yesterday an examination of witnesses was proceeding here to secure testimony to be used in the case of the United States vs. Samuel J. Tilden, to recover a deficiency in his taxes. In the course of examination certain books containing the accounts of a New York iron mine were being used. Tilden's counsel, the Hon. Thomas Harland, of New York, handled the books during the proceedings and laid them in a pile near the door. About half-past 6 o'clock, as the Commissioner was quietly proceeding with the depositions, two men suddenly rushed into the room, one covering the other by thrusting himself between the books and the officers, while the other passed the books to a conspirator on the stairway. At this juncture, Mr. Wetmore, the witness, pursued the robber to the foot of the stairs, but by means of a carriage standing prepared, the villain escaped under cover of the night. As soon as the papers could be issued—over which there was some delay, owing to the lateness of the hour—mounted officers started in pursuit, but succeeded in only overtaking the empty carriage about two hours after the robbery. It is said the evidence being procured from the books was making an overwhelming case against the reforming Presidential candidate, and necessitated a resort to desperate means on the part of Tilden's counsel.

The Union League of America met at Pittsburg on the 24th and resolved that the National Executive committee of the Union League of America favor a currency convertible into coin, and we pledge our efforts to promote the election of those candidates only who stand on this platform. The committee then took a recess until 7 P. M., when a final session was held, presided over by Governor Hartman. Addresses were made by ex-Governor Wm. A. Newell, of New Jersey, Gen. James D. Negley, of this city, and the Hon. Henry M. Hoyt and others. President Hayes was present for a short time and was received with great enthusiasm.

The dissatisfied stockholders of the De Fries mine will hold a meeting in San Francisco, Thursday evening, to endeavor to put in a new board of directors. The principal complaint against the present board is that it is alleged that the Grand Prize is working on De Fries ground, and that no effort is being made to prevent it by the directors. President Grayson being heavily interested in Grand Prize, and is consequently held to be indifferent in the matter. It is also held that a bonanza exists on and below the 400 foot level, but that the management avoid developing it for reasons best known to themselves.

William Lyon, of New York, of the Board of Indian Commissioners, accompanied by Mr. Lockwood, of the Interior department at Washington, passed through Omaha on the 24th, en route direct to San Francisco, to open bids and award contracts for furnishing annuity goods to the various Indian agencies on the Pacific coast.

The Board of Health of Chattanooga, Tenn., advises those who can to leave the city, as the disease is assuming a worse type.

The mail from New Fort McKinney, Clear Creek, carried by an ambulance, was robbed to-day by two men about eight miles south of Clear Creek.

A. Snyder of San Francisco and E. Tillotson of Fort Fetterman passengers together, lost about \$300 in money and clothing. The mail was not molested. No shots were fired.

The Republican State Convention of Connecticut met on the 24th. Stephen A. Kellogg was chosen Chairman, and made a speech in favor of hard money.

Charles B. Andrews was nominated for Governor by acclamation. Henry C. Robinson declining the nomination. David Gallet was nominated for Lieutenant Governor. David Torrance for Secretary of State, and Tallman Baker for Treasurer.

John H. Burke, plaintiff in the \$35,000,000 suit against the bonanza people, is making up a new complaint in San Francisco, in which he proposes to amend the defects of the previous complaint. He will join only Flood, Mackay and Fair in the new complaint. Negotiations have been opened with heavy Eastern holders of bonanza stocks to have them join in the complaint, with it, it is stated, good prospects of success.

SPECIAL NOTICES.

Don't Forget it.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OGDEN & SHOEMAKER. aut eod

A HEAVY BURDEN.

We said a few days since that members of the old court-house ring could not be re-elected to the offices which they hold. Our view met with hearty endorsement from the better class of Republicans, and we believe it will prevail. It is not probable that any of the old crowd will be renominated. It is not possible that any of them will be elected if nominated. The books must be clean this year and the Republican party will not tolerate questionable records. The general demand is in accordance with the GAZETTE's assertion that these men must step down and out. The favors shown them by party ought to guarantee that this be done cheerfully and in Republican interest. If they do not go willingly, they must go nevertheless, because the party can not carry them. We have waited two days for the *Journal* to assume the role of whitewasher once more, but even that paper can find no words in which to urge the nomination of its whilom friends. The GAZETTE has nothing to say against these men, but merely represents that those in the court-house who have been accused of wrong doings have a load to carry, and that this is not a year in which to carry loads. Messrs. Lamb and Comstock have friends, and we are glad to know it. They have also enemies and have no right to array these against a party ticket. Any party which gives a man lucrative employment for two years has some claims upon its employees. We ask the people whether the old ringsters are considering the party or themselves.

EDITORIAL NOTES.

The Carson *Appeal* has this to say of Mr. Deal, Democratic candidate for Congress: The Democratic party has made no disguise. It presents to the people of this State a candidate for Congress who, in the very moment of his nomination takes pains to let it be known what it is that actuates him to democracy. He is a Calhounist of the strictest and straightest sect. Of the fabric of government which withstood the shock of civil war he speaks as of "The nation, as they call it." This means that Mr. Deal does not believe that this is a nation, but, with Mr. Randolph Tucker of Virginia and Mr. Jefferson Davis, he believes it to be a creature of State caprice and secondary to the sacred assumption of State Sovereignty. Let us never forget the State Sovereignty laid the egg of rebellion and hatched the viper of rebellion and civil strife.

At last the *Reveille* admits what it has known for months, that the bullion tax compromise was wrong, and makes this brave and ringing declaration of intentions: "So far from having any disposition to put itself in opposition to the will of the people, the *Reveille* is with the people on every vital question, and will espouse the people's side, submitting to no dictation from the powers of money, refusing absolutely to fall down and worship the golden calf, or to bend to the yoke the ringsters and monopoly tyrants are seeking to put on the necks of the people of the State of Nevada." Now, monopolists, you hear this. The man who was with you last year is against you now. The jig is up, and you had better move out.

It is said that the Austin *Reveille* has dropped out of line. Where? What line? How did it come to pass? Who saw it? The *Silver State* thinks it has actually taken place; and farther, that the vacancy portends the disruption of the Republican party. The *Reveille's* editorial columns are incendiary in the extreme, and its paragraphs are like torches at midnight, lighting up that which is to be destroyed. The *Silver State* assures us that the *Sazzerre* paper is already "burning up R. M. Daggett," and that after this small bonfire goes out a general conflagration will be started in the Republican ranks. Be careful, Freddy, how you cremate Daggett, or some of the adjoining property may catch fire from his smouldering remains.

The Gold Hill *News* reports the circumstances of Jerry Schooling's withdrawal from the race for State Treasurer. The movement was guided by the wildest applause and great cheers for "Honest Jerry Schooling." No man in the State is more

deservedly popular with the Democrats than Mr. Schooling. They certainly were not enthusiastic over his withdrawal from active participation in the fight, then what did the applause mean? Merely this: That Democrats recognized the consistent example set by Mr. Schooling in refusing a third term as one which should find imitators. That gentleman maintained his self-respect and handicapped Bradley by his action. The convention saw the point.

The Republican party in this county must make good nominations. It must not put forward any man whose record is a matter of discussion. We cannot afford to prejudice the entire ticket merely to give the fat offices where they are not deserved. Democrats are helping the old court house ring to secure nominations. The purpose is evident. Democrats are not working for our success. If they are anxious for ring nominations that is sufficient reason why we should avoid them.

That sweet singer on the Oakland *Tribune* who calls his stealings "excerpts" has just learned that a society has been formed in Edinburgh for inspecting the sanitary condition of dwellings. The evils of bad air, stagnant moisture and defective sewers have so unmistakably declared themselves in prevailing sicknesses and excessive mortality tables. Just think of a column grossly sensational like that, and the strain upon an exchange reader may be imagined. We turn to the advertising columns for relief.

In these days of tooth gnashing and kicking, Mr. Cassidy of the *Eureka Sentinel* bites his thumb at the Republicans, "kicks the stuffin'" out of a prepared crowd and then pens wild rheumatic editorials on the situation of Europe. By reason of this practice Mr. Cassidy's paper is recognized as more valuable to Bismarck and Disraeli than to the Democracy of Nevada.

An impression to the effect that there is considerable anti-Jones strength in this State, is spreading very fast. We do not believe that any formidable faction can be formed against Hon. J. P. Jones unless through the neglect of his friends. There is however some ground for the belief noted at this writing. It should be looked after immediately.

Deacon Parkinson, better known as Verbum Sap, is enthusiastic in his support of Mr. Powning for Senator. Mr. Thompson, who will be elected to that office once collected a bill from Mr. Parkinson, and that is enough to make any editor mad. Sap is on the wrong foot, however, for the small Napoleon is not a candidate.

The citizens of Reno treated a "masher" of that city to a liberal coating of tar adorned with feathers, and kindly advised him to leave town for the benefit of his health. A more righteous judgment could not well have been executed.—*Elko Independent*.

We feel like encouraging the *Elko Independent* in its efforts to publish good matter. This "metropolitan" however, will frown upon the *Independent* man if he does not credit what the GAZETTE gives him.

The Democratic convention repudiated the Irish interests by snubbing W. G. Hyde, a candidate for Clerk of the Supreme Court. An attempt was also made to concede something to the German Democrats by nominating G. Haist for Surveyor. This also failed, the Democracy going in for chivalry.

A. M. Hillhouse will probably be the Democratic candidate for U. S. Senator. Mr. H. will make a pleasant corpse, and reserved seats on the mourner's bench may be had by calling upon any prominent Democrat.

The Virginia *Rushlight* published an editorial yesterday headed Democratic principles. We thought the title was peculiar, and upon examination found that the editor had been condensing the Republican platform.

The Lyon county *Times* advertises for H. K. Mitchell and Gen. Thos. H. Williams, under the impression that they are losing a rare opportunity to become candidates.

The Revolution in Santo Domingo.

HAVANA, September 24.—Advice from Santo Domingo announces the success of the revolutionists, the capitulation of President Gonzales, and his departure from the country on the 2d instant for Carroca. The revolutionists entered San Domingo the same day the President departed, when a provisional government was organized, Jacinto de Castro being its President. The electoral colleges were ordered to convene on the 6th instant, with the object of proceeding to the election of a new President. General Luperon is the most popular candidate.

Mexico and the United States.
CITY OF MEXICO, September 18.—Congress opened on the 16th. President Diaz sent in his message, which reviews the American question. He claims the Mexican government performed its duties toward the United States in good faith and to the utmost of its power, and further, that Mexico desires to cultivate peace with all nations, especially the United States, but is determined at the same time to maintain its independence and honor. The President also said the Senate had authorized the executive to treat with the American government for mutual military co-operation on the Rio Grande, but asked as a condition to such co-operation that the order given General Oro be countermanded. The United States refused to repeal the order, and the Mexican government agreed to nothing.

The Crow Eaters.
The Democratic State convention met at Carson yesterday and adopted a series of resolutions, in which the "grand old party" pledged itself to gold and silver the only legal tender; no subsidies; no class legislation; no unjust taxation, and decided opposition to land-grabbing and all those that advocate it; the common schools should be maintained; no centralization of power; the majority must rule; condemning all unjust discriminations in freights and fares; the Chinese, being an evil, must go. Seems to us we have heard that before. We must be mistaken, though, for all the evils enumerated have been growing larger during the past ten years, and the only persons who have endeavored to destroy the common schools are loyal Democrats.—*S. F. Stock Exchange*.

New Patents.
The Mining and Scientific Press patent department has received official notice of the issues of the following patents to Pacific coast inventors, for the week ending September 10th, 1878, viz.: David H. Clippinger, Brighton, check-rein hooks; William Heyn, San Francisco, steading gage and glass tube cutters; Alpheus F. Cherry, Albany, O., screw cutting lathes; John H. Hobart, Oakland, and John T. Best, San Francisco, ore washers and amalgamators; Frank Kortick, San Francisco, detritus pumps; David J. O'Hara, Reno, Nev., furnaces for roasting ore; Leopold Balbach, San Francisco, refining base bullion—Trademarks; A. M. Fletcher, and James McCoy, San Francisco, paint.

How Sitting Bull May Come Home.
CHICAGO, September 25.—In reply to Colonel Miles's telegram from Fort Keogh about Sitting Bull's return to the United States, General Sheridan has telegraphed him that we are not especially anxious about the Indians who went north coming back, but if they do come it must be on the terms of an unconditional surrender.

Seventeen miles of Dayton and Grande Ronde narrow-gauge railroad, Oregon, running from the shipping point at Dayton, through the inland wheat sections of Polk and Yamhill counties, is completed, and is now hauling grain.
